

PRESS RELEASE

RTI NOW ON CANALSAT HORIZONS

Starting February 19, the best of Côte d'Ivoire will be available in the CANALSAT HORIZONS cluster with the arrival of two **RTI** (Radiodiffusion Télévision Ivoirienne) channels: **La Première** and **Radio Côte d'Ivoire**.

► **How can you receive the new RTI channels?**

To enjoy them personally, just choose an offer and sign up for it (using the Access form). Then, re-memorize your digital terminal by entering PEROS/5 on your remote control.

LA PREMIERE is available on channel 115.

RADIO COTE D'IVOIRE is available on channel 161.

With the addition of **LA PREMIERE** and **RADIO COTE D'IVOIRE** to the cluster, **CANALSAT HORIZONS** is pleased to continue offering the best of African national channels to its subscribers.

LA PREMIERE, a national and regional general-interest channel. La Première offers diversified programming (news and talk shows on current topics, documentaries and fiction, cinema and entertainment, programs for children and adolescents and sports, as well as regional, national language, religious and service emissions). There's something for everyone, with a range of styles that makes La Première a standout on the audiovisual landscape in Côte d'Ivoire. Over half of programs are local productions.

RADIO COTE D'IVOIRE, another national and regional general-interest channel. Radio Côte d'Ivoire opens its antenna to all types of programs, producing 133 hours of weekly programs, with a place of choice for regional news in national and regional languages, as well as religious and service broadcasts.
